come on the invitation of his brother, who
knew his necessities and was willing at
that time to support him through life but
his circumstances afterwards became such
that he found himself unable to comply
with his wishes and therefore it was resolved
for him to return to you which he was
preparing for before we were made ac-
quainted herewith, it then occurring to
his brother whether this Monthly Meeting
was not under obligation to support him
by the rule of our Society. We then were
called upon and informed him as a visitor
and being an aged man without property
nor having contributed to exigencies of this
Society or any way employed therein and not
having been amongst us long enough to gain
a residence according to our discipline under
all these circumstances & with the request
of his brother we could not but advise him
to return to you where we believe he ought in
justice to be supported. In all which we see
nothing irregular nor inconsistent

Dear Friends

Having recently had cause seriously to consider my past conduct I find that several years past I suffered myself to be reasoned into a belief that it was necessary on account of my infirmities to partake of spirituous liquors. I was ^{however} afterwards favored to see my error & so to rise above it as to scarcely partake of it for several years but not being sufficiently re-deemed from it nor fully aware of my danger, instances have occurred wherein I have yielded to it in the hour of temptation having been exposed to it in the prosecution of my business and one very reproachful instance having occurred of late which has brought me into deep suffering. I feel bound to acknowledge my sincere sorrow for committing so disgraceful an offense & feeling a hope that I have become more thoroughly sensible of my weakness & danger in this respect than heretofore. I do be-

live that the like will not occur again &
 sincerely desire that Friends may forgive me
 & accept my acknowledgments

Dear Friends

Having removed some time since to reside within the limits of your Monthly Meeting I have believed it necessary for me to inform you that previous to my doing so without a full knowledge or comprehension of the standing of Meetings &c within the limits of this Yearly Meeting consequent upon the separation which occurred in the year 1845. I applied to the Monthly Meeting of Litchfield of which I was then a member for a certificate and obtained one, but coming to a more full understanding of the subject I was apprehensive that as my certificate was furnished me by a meeting which is giving its support to new views it would not be consistent for me to lay it before you and I have for that reason withheld it.

I am however very desirous of being received as a member of your Monthly Meeting and have taken this method of laying my case before my Friends with a hope that under the circumstances you will feel it right to receive me which I feelingly submit to your consideration.

Extracts from Sandwich Quarterly meeting.

July 3, 1845: At Sandwich Quarterly meeting held at Maitland's account being read from all our quarterly meetings except Maitland's [the account from which was acknowledged to be present but was withheld from us] the representatives therein named to this meeting are {here follows list of representatives} all present except 3.

Several persons not members of our religious meeting persisted in remaining with us after having been feelingly requested to leave the room without producing the desired effect.

It was concluded to adjourn the meeting to meet again at the house at the 4th hour in the afternoon.

In the afternoon Friends met again pursuant to the adjournment.

The Committee reported that 3 of their members were not present at the yearly meeting. The yearly meeting Committee informs the Quarterly Meeting that 3 of the Representatives absented themselves without any satisfactory reason. They were Prince Gardner

John Eddy and of N. 13
 Benjamin Tucker of N. 13
 The Quarterly Meeting appointed a
 committee to visit Friends Meetings.
 In the Spring of 1946 the
 committee reports.

7th month last at the Quarterly
 Meeting held at Waltham John Willson
 with other persons present in remembrance
 with us although 10 & 11.

Accounts from all the Meetings had
 all were presented and when that was
 was called for Nathaniel Barwood
 stated that he had the accounts but
 they had concluded to with hard
~~they conclude~~ adding that a separation
 must and would take place.
 They were accordingly withheld.

A paper was then handed to
 the Clerk to be by one of that
 person who had intruded themselves
 upon us, purporting to be a minute
 of the New England Yearly Meeting
 signed by Thomas B. Gould as
 Clerk with the request that it
 might be read, which by direction
 of the meeting was declined.
 Thereupon they together

with several of our own ~~representatives~~
 members after declaring the ~~elects~~
 disqualified on the ground as they avowed
 that they had identified themselves with
 those who had separated from Society,
 proceeded to appoint Percy Mitchell for
 clerk, one who had previously joined
 with the seceders ~~from our~~ yearly
 meeting on Rhode Island in effecting
 the separation, there in the 6th mo.
 last.

In this proceeding the Representatives
 from some of the Monthly Meetings
 except ~~Naumuck~~ were connected
 while they together with one of the
 Naumuck representatives approved the
 measure when brought before the
 Meeting. Thus notwithstanding the
 general disapprobation expressed by
 the bodies of the Meeting they effected
 their organization as a separated body
 assuming the title of Second and
 Quarterly Meeting. ~~Since~~ which they
 have ^{since} continued to retain and to hold
 meetings under that title.

Separate Meetings have been set-
 up in Westford, Dartmouth and
 New Bedford assuming the names of

three meetings.

Nantucket Monthly Meetings held in due course on the 31st of 7 mo. last, having clerks under appointment who had identified themselves in the separation and not being very disposed to acknowledge the authority of the yearly and quarterly meetings, Friends there who remained attached to the society in its present organization were encouraged to endeavor to sustain a Monthly Meeting in subordination to those meetings which was accordingly organized and has since been held with a preparative meeting and society for worship thereto attached and ^{through} the members of which it is constituted are exceeded in numbers by those who have identified themselves in the separation we believe that meetings several of which have been visited by the Committee have been reputationally held.

The Nantucket Monthly Meeting held its last meeting January 10 1867 at which meeting it transferred all its property to the New Bedford Monthly Meeting. It was laid down by the Sandwich Quarterly Meeting.

Its property comprised

1. Meeting House Corner St.
2. Interest in the building called the Friends Asylum on Main St.
3. One share in Old South Wharf.
4. Burial Ground lot held in common with Fair Street Friends.
5. Cash \$453.76.
